

Midway Marauders Cancel 2020 Season Due to Covid-19 Restrictions

April 13, 2020 - Bloomington, IL – After following guidelines set in March by the CDC for the safety of all players, coaches, fans, and the community, the Midway Marauders have decided to officially cancel our 2020 season.

We would like to thank our fans, sponsors, all the local businesses we had worked with preparing for the season, the Grossinger Motors Arena, and the community of Bloomington-Normal for their warm welcome and hospitality.

All ticket buyers will be refunded for cancellations. Ticket buyers who purchased tickets through Ticketmaster will be contacted directly from Ticketmaster with refund information and timeline. The credit card used to purchase tickets on Ticketmaster will be automatically refunded. No further action is required. Because of the staggering number of events across the country that are being cancelled, the email from Ticketmaster may take a couple of days to get to you, but be assured refunds will be issued without requiring any action from you as soon as they get through the backlog.
